Step 2: How To Play

- Press 'SPIN' to start the game (depending on jurisdiction and Operator configuration, Spacebar may also be used to start a game).
- The reels will spin and eventually stop at random.
- If the combination of symbols appearing on the reels forms a line of 3 matching symbols (Starting with the leftmost reel) on one of the win lines, then you win.
- If the combination of symbols on the reels forms a line of any 3 Seven symbols on one of the win lines, then you win.

Reel Wins

- Line wins are multiplied by bet per line.
- All Wins across different pay lines are added together to form the total win.

Wild Symbol

- In the event of a communication error after a pot win result has been determined and before it has been displayed on screen, the win amount will automatically be transferred to the player's account.
- While the game is live, the jackpot cannot be terminated. If the game is removed, the outstanding pool amount can be transferred to another jackpot.
- Jackpots are funded by contributions from the player's stake except for the initial seeds which are funded by the Operator.
